

**2009 IEEE 11th International Conference  
on Rehabilitation Robotics, ICORR 2009  
Kyoto, Japan, June 23-26, 2009**

Sponsored by: IEEE Robotics & Automation Society &  
Engineering in Medicine & Biology Society

**Dear Prospective Academic Exhibitor,**

It is with great excitement that the organizers extend an invitation for you to exhibit your experimental device and lab activity at the 2009 IEEE 11th International Conference on Rehabilitation Robotics (ICORR 2009) that will be held on June 23-26, 2009, at Kyoto International Conference Center, Japan.

While the traditional themes of assistive robotics and therapeutic robotics are very important from the start of the conferences, the ICORR 2009 Executive Committee set the topics to include mechatronics in prosthetics, artificial human exoskeletons, psychosocial robotics, robotics for caregiving, neural-machine interfaces & control, robotics for human-motion analysis, and evaluation & clinical experience.

The main theme of the conference is "Reaching Users & the Community," reflecting the strong demands on the rehabilitation robotics researchers to bring the fruits of their efforts to users and the community who wish to utilize them in their daily life. We will invite audiences to include clinicians and users, which will allow for fascinating dialogue to take place throughout the conference. We are anticipating that ICORR 2009 will have 260-300 attendances, which are almost same or much than ICORR 2005 in Chicago and ICORR 2007 in The Netherlands.

The ICORR 2009 Committee is committed to quality and excitement. We have secured keynote speakers at the forefront of our science and planned an exciting and productive four-day meeting. We enthusiastically encourage you to consider bringing your technology to Kyoto to display and demonstrate at ICORR 2009.

We very much look forward to discussing your exhibit and hosting you in Kyoto.

Sincerely,

A handwritten signature in black ink that reads 'Koji Shibuya'.

Koji Shibuya  
ICORR 2009 Exhibit Chair

## **Exhibition Dates and Hours**

Tuesday, June 23, 2009

13:00 - 17:00 Exhibitor set-up

Wednesday, June 24, 2009

10:00 - 17:00

Thursday, June 25, 2009

9:00 - 17:00

Friday, June 26, 2009

9:00 - 13:00

13:00 - 17:00 Dismantle

## **Exhibit Space**

All academic exhibit booths are 2m x 2m with a table and a poster board 2100mm high and 2000mm wide. If any special requests are necessary regarding booth equipment, these must be made more than seven days before the opening of the conference. The exhibit hall will be located at the Annex 1 in the Kyoto International Conference Center. The interactive sessions and commercial exhibits will be held in the exhibit hall every day.

## **Space Assignment**

Spaces will be assigned by the Exhibits Committee. Applications received after March 31, 2009 will be assigned space based on availability and require payment in full.

## **Official Service Contractor**

Convention Linkage, Inc.

E-mail: cl 'at' c-linkage.co.jp

Telephone: +81-6-6377-2070

Fax: +81-6-6377-2075

Contact: Atsushi Dotetsuka

Complete details will be provided in an exhibitor kit after application form is received.

## **Fees**

Academic exhibit space is being provided free of charge. However, it should be noted that this will only apply to non-commercialized devices, even if novel applications are being investigated in the laboratory.

## **Cancellation**

While academic exhibit space is being provided free of charge, the conference committee does incur expenses from the booths. For this reason we strenuously request that we are notified of any cancellations at least 14 days before the opening of the conference.

## **ICORR 2009 Contacts**

Noriyuki Tejima, Local Arrangement Chair

Phone: +81-77-561-2880

Fax: +81-77-561-2665

### APPLICATION FOR ACADEMIC EXHIBIT SPACE

Please reserve space for us in the academic exhibits of ICORR 2009, to be held at the Kyoto International Conference Center, June 23 – 26, 2009

**Please provide a brief description of the device, how it will be demonstrated, any safety concerns, and necessary power or equipment supply:**
